OnShip
Shipping **Reimagined**

What is OnShip?

OnShip is a fully featured, multi-carrier and LTL shipping software solution that reimagines package and freight shipping. Manage and ship orders from multiple locations while effortlessly accessing reporting and accounting features.

1

Superior Interface & Rate Shopping

OnShip provides a single-touch screen enabled interface that displays all necessary information to process a small parcel or LTL shipment. It easily reduces carrier shipping charges with true rate shopping.

2

All-in-One User Interface

OnShip runs without the complexity of having different carrier provided systems with a full dashboard of shipping options available.

3

Advanced Reporting & 3-Tier Accounting

Accounts can be tracked by creating specific accounting tiers, providing flexibility to report charges and monitor shipping activity.
